

SAP SCM APO Functional Consultant

EntryPoint was started with a focus on providing a place where the best people and the newest technologies could come together to provide top-level, Fortune 500 experience to our mid-market clients. As our track record and our double-digit growth rate demonstrates, we continue to be on the leading edge for our clients. **And that is why we need top performers like you.**

EntryPoint Consulting is a business integration consulting firm headquartered in Cleveland, Ohio. EntryPoint provides professional consulting services to mid-market companies and divisions of Fortune 500 firms in a variety of industries throughout the United States.

EntryPoint is a certified **SAP** Services Partner and national IBM Regional Systems Integrator.

EntryPoint Consulting is seeking individuals to join the Transportation & Logistics Business Unit in our Supply Chain Practice. If transportation management, logistics and warehouse management are in your veins, join our fast-growing team now!

We are seeking individuals with knowledge of R/3 Transportation Management (TM), Freight Costing, Logistics Execution System (LES), Transportation Planning & Vehicle Scheduling (TPVS), Rail Car Management (RCM), R/3 Warehouse Management (WM) and Extended Warehouse Management (EWM) to implement Advanced Planning Solutions in mySAP ERP, SCM 5.0 and SCM 6.0 (we are a Ramp-Up Partner).

Experience implementing **SAP** Transportation Planning & Vehicle Scheduling (**TPVS**) would be of value but EntryPoint will consider candidates with core competencies in **SAP** R/3 Logistics Execution Systems (LES), R/3 Transportation Management, as well as individuals with experience implementing competitive solutions (i.e. Manugistics and/or i2).

The consultant must have strong verbal, written and interpersonal skills. The individual must exemplify integrity and professionalism in all business activities.

Required Skills:

Previous project experience configuring/implementing advanced planning solutions such as **SAP**, Manugistics or i2 would be considered. Individuals with significant Transportation experience will also be considered.

Preferred Background:

Prior experience working with **SAP** APO **TPVS** is desired. Individuals with Transportation and Logistics Business process and/or **SAP** R/3 LES Transportation and/or Warehouse Management; I2 or Manugistics Transportation experience will also be given consideration.

- Freight Costing
- Distribution experience
- **SAP** Training courses SCM610, SCM611 and/or SCM612
- **SAP** R/3 SD knowledge/experience; MM
- STO knowledge/experience
- Collaborative business consulting skills required
- Exceptional communication skills are required
- Consultant must be US Citizen or Green Card

Compensation & Benefits

Compensation packages include competitive base salaries and an above average performance incentive plan for top performers based on client satisfaction/loyalty, individual contributions to Practice growth and utilization.

Our Spectrum of Benefits is geared toward giving our employees the flexibility they need. We offer the following to all employees;

- Comprehensive national Medical Plan with low individual contributions.
- Comprehensive national Dental Plan with low individual contributions.
- Comprehensive national Vision Service Plan with low individual contributions.
