

SD Functional Consultant

EntryPoint was started with a focus on providing a place where the best people and the newest technologies could come together to provide top-level, Fortune 500 experience to our mid-market clients. As our track record and our double-digit growth rate demonstrates, we continue to be on the leading edge for our clients. **And that is why we need top performers like you.**

EntryPoint Consulting is a business integration consulting firm headquartered in Cleveland, Ohio. EntryPoint provides professional consulting services to mid-market companies and divisions of Fortune 500 firms in a variety of industries throughout the United States.

EntryPoint is a certified **SAP** Services Partner and national IBM Regional Systems Integrator.

EntryPoint Consulting is seeking a strong SD functional consultant to be an integral part of our consulting teams. Industry specific experience in either manufacturing or wholesale distribution is desired with core competency in distribution portion of the SD module. Knowledge of distribution to include logistics, warehousing and transportation management is desired. The most desirable candidates will be those with extensive cross functional SAP R/3 knowledge.

The consultant must have strong verbal, written and interpersonal skills. The individual must exemplify integrity and professionalism in all business activities.

Required Skills:

Previous project experience (configuring/implementing) Order To Cash (OTC) solutions: Order Management (quotes, sales orders, contracts, scheduling agreements), Delivery/Shipping/Transportation, Billing, Pricing, Partner Functionality, Organization Structure, ATP, Condition Technique (pricing, output, partners), etc. Industry experience in wholesale distribution desired.

Preferred Background:

- Full Life-Cycle project experience implementing SAP SD
- Formal SAP SD training & associated certifications
- Bachelor's Degree and/or degree in Computer Science (combination of business and technical education)
- Minimum of 5 years of professional experience (previous consulting, software application/system implementation and/or specific functional industry expertise)
- Collaborative business consulting skills required
- Exceptional communication skills are required
- Consultant must be US Citizen or Green Card

Compensation & Benefits

Compensation packages include competitive base salaries and an above average performance incentive plan for top performers based on client satisfaction/loyalty, individual contributions to Practice growth and utilization.

Our Spectrum of Benefits is geared toward giving our employees the flexibility they need. We offer the following to all employees;

- Comprehensive national Medical Plan with low individual contributions.
- Comprehensive national Dental Plan with low individual contributions.
- Comprehensive national Vision Service Plan with low individual contributions.
- Term Life Insurance
- Competitive vacation / holiday program,
- 401(k) Plan
- ... and a chance to make a difference

This position requires extensive travel.
