

Home-Based Internet Recruiter

Posted by: Ron Kronen- Kron Technology Consulting Solutions LLC

Posted date: Mar-16--2009

Location: Your home (anywhere)

The ideal candidate will possess professionalism in a customer service related business environment, from home as their own boss. Minimal supervision is required at the beginning, and then no supervision is expected as you progress with training and experience. This is an awesome opportunity in one of the most desirable and lucrative industries on the market today..

This is a virtual (home based) part-time or full-time position to begin right away. Only the self motivated are desired for this awesome opportunity that allows freedom of working from home with self-supervisory skills.

The following skills are desirable:

- Ability to follow instructions!
- Basic computer and typing skills
- Self-Supervision
- Ability to multi-task
- Ability to be Trained
- Internet Savvy

You can start immediately to begin earning daily. Training can be completed within a couple of hours for some, depending on how fast you read and decipher information. This is perfect for information technology consultants and recruiters that have leads, college students, part-time workers and anyone who wants to supplement their income!.

Serious inquiries are appreciated. Must be able to work from home and begin IMMEDIATELY. Pay is on a per completion basis at the rate of \$50.00 plus commissions per Job Order, and is direct deposited into your bank account that you personally set up for your banking protection. This is a great opportunity for the right person!

Work from home on the internet and start the same day you begin training.

For details on how to get started working from home today, please send an email to Ron Kronen at Rkronen@KronTechnology.com for details on how to start this great home-based opportunity and start your online training for one of the most desirable and lucrative industries in the world--- home-based internet-recruiting and business development. You can expect with diligent effort and 3-4 hours of work a day to generate 5-10 Job orders a day earning as much as \$500 dollars per day!
