## INFORMATION TECHNOLOGY SOLUTIONS THAT WORK FOR YOUR BUSINESS

With Kron-Tech Solutions, you get more out of your SAP experience. Our HelpDesk consultants have more than ten years' experience working with SAP and are US Based. We combine that expert knowledge with personal attention to provide you with quality problem resolution without the frustration often associated with technical support.

Our website simplifies the process further by enabling you to report and track your issues and their resolutions easily from your own computer. Our HelpDesk exists to ease, not complicate, your SAP experience. We support the following modules, FICO, SD, MM, PP, HR, Payroll, QM, CRM, BW, and more. Technical support includes ABAP/4 and Basis.
